

FOR IMMEDIATE RELEASE

Saab unveils the new Saab 10-5

Trollhättan, Sweden, 11 September 2026 — Saab has today unveiled the Saab 10-5, a new flagship passenger car developed at the Product Development Centre in Trollhättan.

The Saab 10-5 is offered with a V12 hybrid powertrain rated at 693 hp and 1,021 Nm of torque. Power is transferred through an 11-speed dual-clutch transmission, designated Saabtronic. Saab states acceleration from 0 to 100 km/h at 2.9 seconds. Electric range under WLTP is up to 78 km. Combined CO₂ emissions are quoted at 42 g/km. These figures remain provisional pending homologation.

The car introduces Saabonomous Driving, Saabriver driver recognition, the Saabomboclat infotainment system and Saaboob MATRIX LED lighting. Saabottom rear-wheel steering and Saab's Saabrication cooling technology are also fitted.

"The Saab 10-5 is a further step in our passenger vehicle programme. We have applied the same approach to system integration used elsewhere in the company, with a clear focus on how the vehicle responds to the driver" says Erik Lindqvist, President and CEO of Saab Automobile.

Saabriver stores profiles for up to 30 drivers and applies settings for seating, climate, audio, navigation and lighting when a registered user enters the vehicle. Infotainment is handled through Saab OS 10, with a 12.3-inch Saab Darkroom display and three further screens in the cabin. Voice control is provided by Saabitch.

Model range

The Saab 10-5 is available in three specifications.

Core includes all-wheel drive, Saabtronic transmission, Saaboob lighting, Saabomboclat infotainment, Saabriver, Saab Darkroom instrumentation and 20-inch alloy wheels. List price from EUR 189,000.

Premium Plus adds Saabonomous Driving, Saabitch Pro, the 0G seating system with Bose Magneride, Saabiarrhoea scent personalisation, a 34-speaker Harman Kardon audio system with Saabombastic tuning, four-screen cabin display and 21-inch alloy wheels. List price from EUR 224,000.

Launch Edition is limited to 500 vehicles. It includes all Premium Plus equipment together with Trollhättan Copper exterior paint, Launch Edition interior trim, black brake calipers and model-specific badging. List price from EUR 268,000.

Exterior colours

The following exterior colours are available on Core and Premium Plus: Aero Blue, Arctic White, Baltic Grey, Graphite Steel, Granite Black, Ice Silver, Midnight Green, Polar Midnight, Scarlet Wing, Storm Cloud and Titanium Mist.

Trollhättan Copper is reserved for Launch Edition. Aero Blue and Granite Black are no-cost options; remaining colours are offered at additional charge. Two interior environments are available: Charcoal woven textile with aluminium trim on Core, and Nappa leather with walnut inlay on Premium Plus and Launch Edition.

Market introduction

The Saab 10-5 will be shown in Stockholm on 18 September 2026. Orders open in Sweden, Norway, Germany, the United Kingdom and the Netherlands. Deliveries are planned from the second quarter of 2027. Production takes place in Trollhättan.
